

Spanish Workshops

Themed Spanish workshops:

you can choose the theme!

Whether you are interested in learning more Spanish **cine**ma, **ARTS**, **literature**, *cooking*, or you are more into **ACADEMIC** or general **Spanish**, you can have what you want!

¡Sí!

You can also decide what city suits you better and the dates. That is, a tailor made workshop. You pick what, where and when, and I basically get my gear, prepare a fun and interesting workshop for you.

So, since I need to know your **interests**, what **cities** are the most popular and what **times** the most suitable, I am asking you to take this quick **SURVEY** (will take you less than 3 minutes, promise!). And once I collect the information the first workshops will be on its way! *Whoohoo!* (or *yujuuu*, as we say in Spanish).
